

Date: _____

This checklist will assist you in the decisions you need to make for your cabinetry project. Just check the boxes of the selection you desire. If you have questions, please check with your Sales Representative before you make your selections.

Sales Rep. _____

Name: _____

Project/Area: _____

CABINET LINES (Style of cabinetry) Standard cabinet heights: Base = 34-1/2" | Mid-base = 31-1/2" | Vanity = 29-1/4"

- Cornerstone Framed** (1/2" box w/face frame)
Inset, Beaded Inset, Traditional and Modified overlays
- Millennia European Frameless** (3/4" box w/out face frame)
Full overlay with 1/8" reveal top & bottom; 1/16" side reveal

BOX CONSTRUCTION Box = top, bottom & back, left and right sides and adjustable shelves

- Particleboard** (standard)
Particleboard is industrial strength furniture board (ISFB) 44-pound density with water resilient resin-based glues
- Plywood** (\$) (modification) White interior 3/4" Plywood is composition ply core (plywood core center, MDF each side).
1/2" Plywood is 12 mm plus or minus 1/32". Face is vinyl or veneer.
NAUF Plywood (\$\$) with Natural Maple interior has No Added Urea Formaldehyde. Millennia only.

INTERIOR OPTIONS These cover the cabinet box construction material, particleboard and plywood

- Particleboard box **WV-White Vinyl** **WGV-Wood Grain Vinyl**
 - Plywood box (\$) **WV-White Vinyl** **NWV-Natural Wood Veneer (Birch)**
 - FMI** (\$) - **Finished to Match Interior** (same as face frame or door species and color)
 - Millennia only: **Grey Melamine** (\$) **Black Melamine** (\$) (both selections Particleboard box only)
- Adjustable shelves are 3/4" thick particleboard or plywood (same as box construction) and will match interior option selected.
All wood components inside cabinet (drawers, roll-outs, pull-outs, spice racks, swing-outs or door racks) will be a natural finished hardwood.

DRAWER BOX TYPES 1/4" drawer bottoms are captured on front and sides in a dado

- PLY** (standard) 1/2" hardwood veneer plywood dovetail drawer with 1/4" U-V coated MDF bottom. Wood grain material.
- HWDWR** (\$) 5/8" solid hardwood dovetail drawer with 1/4" hardwood plywood bottom. Roll-out trays are constructed as hardwood dovetail drawer boxes.
- Millennia only: **PG-Powder Grey Aluminum** (\$) **SS-Stainless Steel finish Aluminum** (\$)
Aluminum sides and front – drawer bottom and back are grey melamine on particleboard. Metal drawer box systems include inMotion soft-close drawer guides.

DRAWER GUIDE OPTIONS Dual guide systems for drawers also available on roll-out trays

- SEGU** (standard) Single 80% Extension Guide – under mount with unassisted gravity close
- FEG_** (\$) Full Extension Guide – side mount with unassisted close: **FEGZ-Zinc** **FEGW-White** **FEGB-Black**
- UMFEG** (\$) Under mount Full Extension Guide with spring close
- UMFEG-IM** (\$) Under mount Full Extension Guide with inMotion soft closing feature

FINISHED END PANELS (\$) To finish exposed sides of cabinets—options vary for each cabinet line

- 1/4" or 3/8" finished plywood panel (veneer panel) are available loose or installed in many cases. Veneer (integral; Millennia)
- Finished Furniture End (matches style of cabinet doors) Finished End Doors (same size as cabinet doors)
- Flush End (built-in 3/8" panel) Panel End (built-in furniture end panel)
- Active Door End (side will open just like the front) Finished Furniture Back (for back of islands and peninsulas)
- Appliance Panels (for appliances that accept decorative cabinet door) Integral or loose finished bottom for wall cabinets

DOOR STYLE Recessed panels may be 1/4" hardwood plywood or upgraded to a 7/16" solid wood center panel (\$)

See door brochures or website for complete list of available doors. Custom styles available on request. (SPR)

Door style favorites: _____

DRAWER FRONT OPTIONS Drawer front standards vary - check with your salesperson for standards or options Slab DFMD-Drawer Front Matches Door (\$)**EDGE DETAILS** For outside edge of mortise & tenon construction drawer fronts and doors—see back page**Circle One: A B C D E G H L M N S T R** (R=\$) Door & drawer front or edge details can vary - check with your sales person for options.**F-Finger Rout** (\$) Finger routs are centered on top & bottom of doors and drawer fronts - add to edge detail (AF, GF, MF, etc.)**DOOR HINGE OPTIONS** Exposed Concealed Concealed w/inMotion**Exposed Finial** (Inset only): Nickel Brass Black Pewter**DOOR MODIFICATIONS** RFG-Rout for Glass (\$) MGD-Mullion Grid (\$) _____ Acrylic Panels (\$) _____ Metal (\$) _____

Multiple mullion grid styles are available. We recommend a finished to match interior (FMI - \$) on cabinet boxes with exposed interiors. Acrylic panels may be ordered loose or installed. Glass door inserts are not available through Canyon Creek. Glass stop material (1/2" x 3/8") is available loose. Check limitations on metal and mirrored items.

Notes _____

WOOD SPECIES & MATERIALS Red Oak through Rustic Maple below available in both Cornerstone & Millennia Red Oak 0% Beech 0% Hickory 0-5% Alder 4-6% Maple 10%
 Cherry 20% Sapele 30%

Rustic = Random size and placement of knots on drawer & door fronts only. Available on solid wood doors only (\$).

 Rustic Beech (\$) Rustic Hickory (\$) Rustic Alder (\$) Rustic Maple (\$)

The species & materials below are offered through Millennia only:

 Vertical Grain Fir 40% Rift White Oak 35% Bamboo 30% Rustic Pine 15%
 Exotic Wood Veneer (\$) +% Foil (\$) +% Metal (\$) Greenlam (\$) TSS (\$)**WOOD CHARACTERISTICS**As no two trees are alike, no two pieces of wood are alike - you should expect variations in grain and color throughout your cabinetry. We are not a hand-select wood manufacturer and we **strongly recommend** that you view a sample of the species/color combination before you make your final selection.**MOULDINGS, ACCESSORIES, SPRs** Finishing touches that customize your cabinetry design **Mouldings** (Crown, rope, dentil, ogee, light valances, etc) **Accents** (Carved legs, feet, rosettes, corbels, appliques, etc.)
 Accessories (Bread boards, tray dividers, trash & recycle pull-outs, cutlery trays, drawer dividers, tip-out drawer fronts, drawer peg system, etc.)**SPRs: SPECIAL PRODUCT REQUESTS** When you have an idea that goes beyond our standard product lines

From custom door styles, cabinet configurations, wood species and materials to custom colors, cabinet inserts and more.

 SPR-Special Product Request (\$) (Custom cabinets, door styles, stain or paint colors, wood species, etc.)

Wood is lightly sanded in random areas after staining; some wood grain appears

Gloss Level

-
- Standard
-
- Matte

Gloss level (sheen) is determined by measuring the amount of light that reflects off a surface under prescribed conditions. We offer two levels of gloss, **Standard** (sheen level 35% +/- 5%) or **Matte** (sheen level 15% +/- 5%) at no additional charge. Gloss level may be specified with most colors.**FINISH ENHANCEMENTS******Glazing (\$)** Glaze material is flooded over surface then hand-wiped for an aged look. Glaze hang up will not be uniform on each piece or from piece to piece.

- | | | | | |
|------------------------------------|---------------------------------|--------------------------------|----------------------------------|-----------------------------------|
| <input type="checkbox"/> Chocolate | <input type="checkbox"/> Pewter | <input type="checkbox"/> Suede | <input type="checkbox"/> Vanilla | <input type="checkbox"/> Licorice |
|------------------------------------|---------------------------------|--------------------------------|----------------------------------|-----------------------------------|

Highlighting (\$) Material is airbrushed into detailed areas. Neat and uniform look on each piece and from piece to piece.

- | | | | | |
|------------------------------------|---------------------------------|--------------------------------|----------------------------------|-----------------------------------|
| <input type="checkbox"/> Chocolate | <input type="checkbox"/> Pewter | <input type="checkbox"/> Suede | <input type="checkbox"/> Vanilla | <input type="checkbox"/> Licorice |
|------------------------------------|---------------------------------|--------------------------------|----------------------------------|-----------------------------------|

 Chocolate Antiqued (\$) On paint colors only. Light, muted brown brush strokes in grain direction. **Licorice Patina (\$)** Heavy brush strokes in the direction of the wood grain create an antiqued look.**Distressing (\$)** Distressing is best seen when Glazing (\$) is applied as it will hang up in distress marks. Artisan distressing is applied to front of drawers and doors only and not to the face frame or side panels of box. Standard Distressing is applied to all exposed finish parts of the cabinet and mouldings.

- | | | | | | | |
|-----------------------------------|------------------------------------|------------------------------------|------------------------------------|------------------------------------|------------------------------------|------------------------------------|
| <input type="checkbox"/> Standard | <input type="checkbox"/> Artisan 1 | <input type="checkbox"/> Artisan 2 | <input type="checkbox"/> Artisan 3 | <input type="checkbox"/> Artisan 4 | <input type="checkbox"/> Artisan 5 | <input type="checkbox"/> Artisan 6 |
|-----------------------------------|------------------------------------|------------------------------------|------------------------------------|------------------------------------|------------------------------------|------------------------------------|

 Spattering (\$) Small specs of black stain are randomly sprayed on finished areas. **Sand-Through to Wood (\$)** Depicts wear to natural wood. On painted & burnished colors only. **Sand-Through to Color (\$)** Depicts top paint color having worn through to a previous stain color.**OTHER ROOM CABINETRY**

"Kitchen" cabinetry works well throughout the house

Options vary by door style—check with your salesperson for details

C=Cornerstone | M=Millennia

MILLENNIA CABINET BOX INTERIOR/EXTERIOR

Black and Grey Melamine Interiors

- Particleboard cabinet box construction only
- Cabinets up to 96" tall only
- Edge tape on components flush with cabinet face will match face of door
- Edge tape on components recessed from face of cabinet will match cabinet interior
- Closest matches in HPL are Wilsonart's D381-60 Fashion Grey and 1595-60 Black
- Interior color will be on both faces (Interior and Exterior)
 - When IFE, IFTOP, IFBOT, FMI and FMI-BIB options are ordered, affected components will be finished to match door on both faces (Exception: Foil & Exotic Wood Veneer doors)

Integral Finished Surface: Interior/Exterior Colors

- The following charts explain how the interior side of a cabinet will be finished when an exterior Integral Finished option is applied to it (such as IFE, IFTOP or IFBOT)
- **Cabinet Interior** = Box interior selection, **MD** = Matches Door
- * **Note:** Bamboo and Rift White Oak - Finished surfaces will have PBD substrate even when PLY box material is selected, result may be a box constructed with both PBD and PLY. When PLY box is selected and interiors have any FMI option applied, PLY box up-charge will not be applied to cabinet.

Standard:

- Affects side(s) of cabinet box that have an Integral Finished option applied (Exceptions noted in charts at right)

Cabinet Interior	Integral Exterior face	Integral Interior face
WHV	MD	WHV
WGV	MD	WGV
NWV	MD	NWV
FMI	MD	MD
FMI-BIB	MD	MD
BLACK	MD	MD
GREY	MD	MD

Wood Species Exception:

- Wood veneer is on interior face of components and will NOT match cabinet interior selection
- Alder • Beech • RWO*
- Bamboo* • Vertical Grain Fir

Cabinet Interior	Integral Exterior face	Integral Interior face
